

Phonics Scramble With Spelling Patterns from *The Good Dog*

Unscramble the words below. Just like the words on the previous page, all of these words either have the “long o” sound spelled “o” by itself at the end of a word (like “Tako”) or the “long e” sound spelled “y” by itself at the end of the word (like “Ricky”). Try to use those spelling patterns to unscramble these words and indicate whether they follow the spelling pattern of Ricky or Tako’s name! The first two are done for you.
